

Welcome to the Sprout App

Your Wi-Fi's remote control

Set parental controls, create guest access, run speed tests, monitor connected devices, and track network activity with easy-to-use tools designed to keep you connected and in control.

Download the app

Search the Apple App Store or Google Play Store for **Sprout Fiber Internet**, download and open the app

Enter your email

At the bottom of the screen, enter your email address, then tap "Continue"

Create a login

Enter your information and create a password to sign up

Select options

Select "My System and Wi-Fi Are Already Set Up"

Router setup

Scan the QR code on your system, or enter the system details manually

Wi-Fi setup

Once connected, you can change your Wi-Fi name and password

When prompted to add a mesh device, select "Not now"

Customize profile

All done installing! Now you can customize with profiles, restrictions, etc.

Download the Sprout App
